Liberty Garden Products, Inc.
500 Indeneer Dr. Suite 9,
Kernersville NC 27284

Please read these instructions thoroughly before assembling.

Estimated assembly time: 5 minutes (not including mounting)

Tools Need: Pliers or Adjustable Wrench

Important

- * This hose reel **MUST** be mounted to a solid masonry wall or to wall studs.
 - * Improper mounting could cause personal injury or damage to structure.
 - * **Mounting Hardware is NOT included with this unit.**
 - * Check with the Retailer where you purchased this item or visit a hardware store to purchase proper mounting hardware.
 - * Your hose reel box is marked with pre-marked holes for easy mounting.
 - * Do **NOT** expose the unit to freezing temperatures with water remaining in the reel plumbing system.
 - * Do **NOT** attempt to disassemble the water system or it could cause leakage.
-

ASSEMBLY INSTRUCTIONS

1. Align the holes in the crank handle (C) with crank handle shaft. Tighten using the crank handle bolt (B). **See Figure 1.**

2. Attach the leader hose (D) to the brass swivel connector. **See Figure 2.**

3. Attach your garden hose to the hose connection on the spool. **See Figure 3.**

Warranty & Care

Our guarantee is as functional and straight-forward as our products. Since we design and build our products to provide you with many years of satisfaction, all Liberty™ products are guaranteed against defects in materials and workmanship.

In the unlikely event that a problem arises as a result of a defect in our materials or workmanship, we will promptly repair or replace the item at our expense. All we require is that you contact us first and we'll take it from there.

It is important to note that our guarantee is not an unconditional guarantee for the life of the product.

Liberty™ hose stands and reels are made from the finest materials available under our exacting manufacturing standards. But, like any other product, it is not indestructible. Therefore, our guarantee does not cover:

- Product damage that is a result of abuse, misuse, or mishandling. (Exposing the unit to freezing temperatures with water remaining in the reel plumbing system voids the unit warranty.)
- **Rust.** Despite the industrial quality coating and our best efforts, steel will rust over time.
- Incidental damage or consequential damages or injury to persons or to other property not purchased from us due to the use of our product.
- Do **NOT** consume water from garden hose. It is not fit for human consumption.

*If there is damage to the product that occurred as a result of shipping, you should file a damage claim with the carrier.

*As with any product, it should be expected that component parts - particularly moving parts, seals, o-rings, wheels, hose, and connectors will wear with use and over time may need to be replaced or refurbished. This type of normal wear and tear is naturally not covered by our guarantee, but we will always be happy to provide you with prompt, high quality service and replacement parts at a nominal cost.

*This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. (Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you).

You will find that we apply the same standard of excellence to our customer service as we do to our products.

Warning! This product contains one or more chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Wash hands after handling.
